

Youre Not You: A Novel

Soon to be a major motion picture directed by George C. Wolfe, produced by Denise Di Novi and starring Hilary Swank, Josh Duhamel and Emmy Rossum Bec is adrift. Its the summer before her junior year in college. Shes sleeping with a married professor, losing interest in her classes, and equivocating about her career. She takes a job caring for Kate, a thirty-six-year-old woman who has been immobilized by ALS. As it turns out, before the disease Kate was a stylish and commanding woman, an advertising executive and an accomplished chef. Now, as she and Bec spend long days together, Bec begins to absorb Kates sophistication and her sensuality, cooking for her, sharing her secrets, and gradually beginning to live her own life with a boldness informed by Kates influence. The more intense her commitment to Kate, the further Bec strays from the complacency of her college life. And when Kates marriage veers into dangerous territory, Bec will have to choose between the values of her old life and the allure of an entirely new one.
